What is Ahead

About us

IMMERSE IN A NUTSHELL

We are a tech-driven, global coaching community of 65,000+ changemakers and visionaries living in 100+ countries.

Our mission is to raise 1, 000, 000 visionaries, particularly of African descent, by 2030, empowering them through transformational thinking and tools, so that they can change the world in meaningful ways.

What We Believe In

AFRICA IS RISING

By unlocking the potential of its everyday people, through transformational coaching, we would empower individuals to transform our continent for good.

THE POWER OF A TRANSFORMED MIND

We believe that transformed minds lead to transformed lives! Only visionaries can shift the world into its higher potential.

INNOVATIVE DESIGN

of communication tools that can be courses, webinars, demonstrations, mentorship sessions, assessments, and more.

Introduction to the SproutWoman

In 2020, we started the SproutWoman Coaching Program to prepare, position, and propel young ladies (aged 15 and 24 years) for lives of purpose, growth, and impact.

Survey shows that: this age range (15 - 25 years) is when the confidence gap widens for ladies as their confidence level plummets and if not tackled fast can last a lifetime & determine their output & outcomes in career, marriage & other relationships.

In ten years from now, our goal is for our SproutWoman Scholars to have evolved into next-level leaders across Africa, preserved from the tyranny of obscene sexuality, broken belief systems, short-term gratification, and intellectual mediocrity.

We want to raise future-forward female through our work.

Cycle 8 Enrollment Stats

**We received 600
scholarships, and
we enrolled 763
ladies into the
program.**

GEOGRAPHICAL DISTRIBUTION

98.60%

of beneficiaries were resident in Nigeria, followed by Ghana.

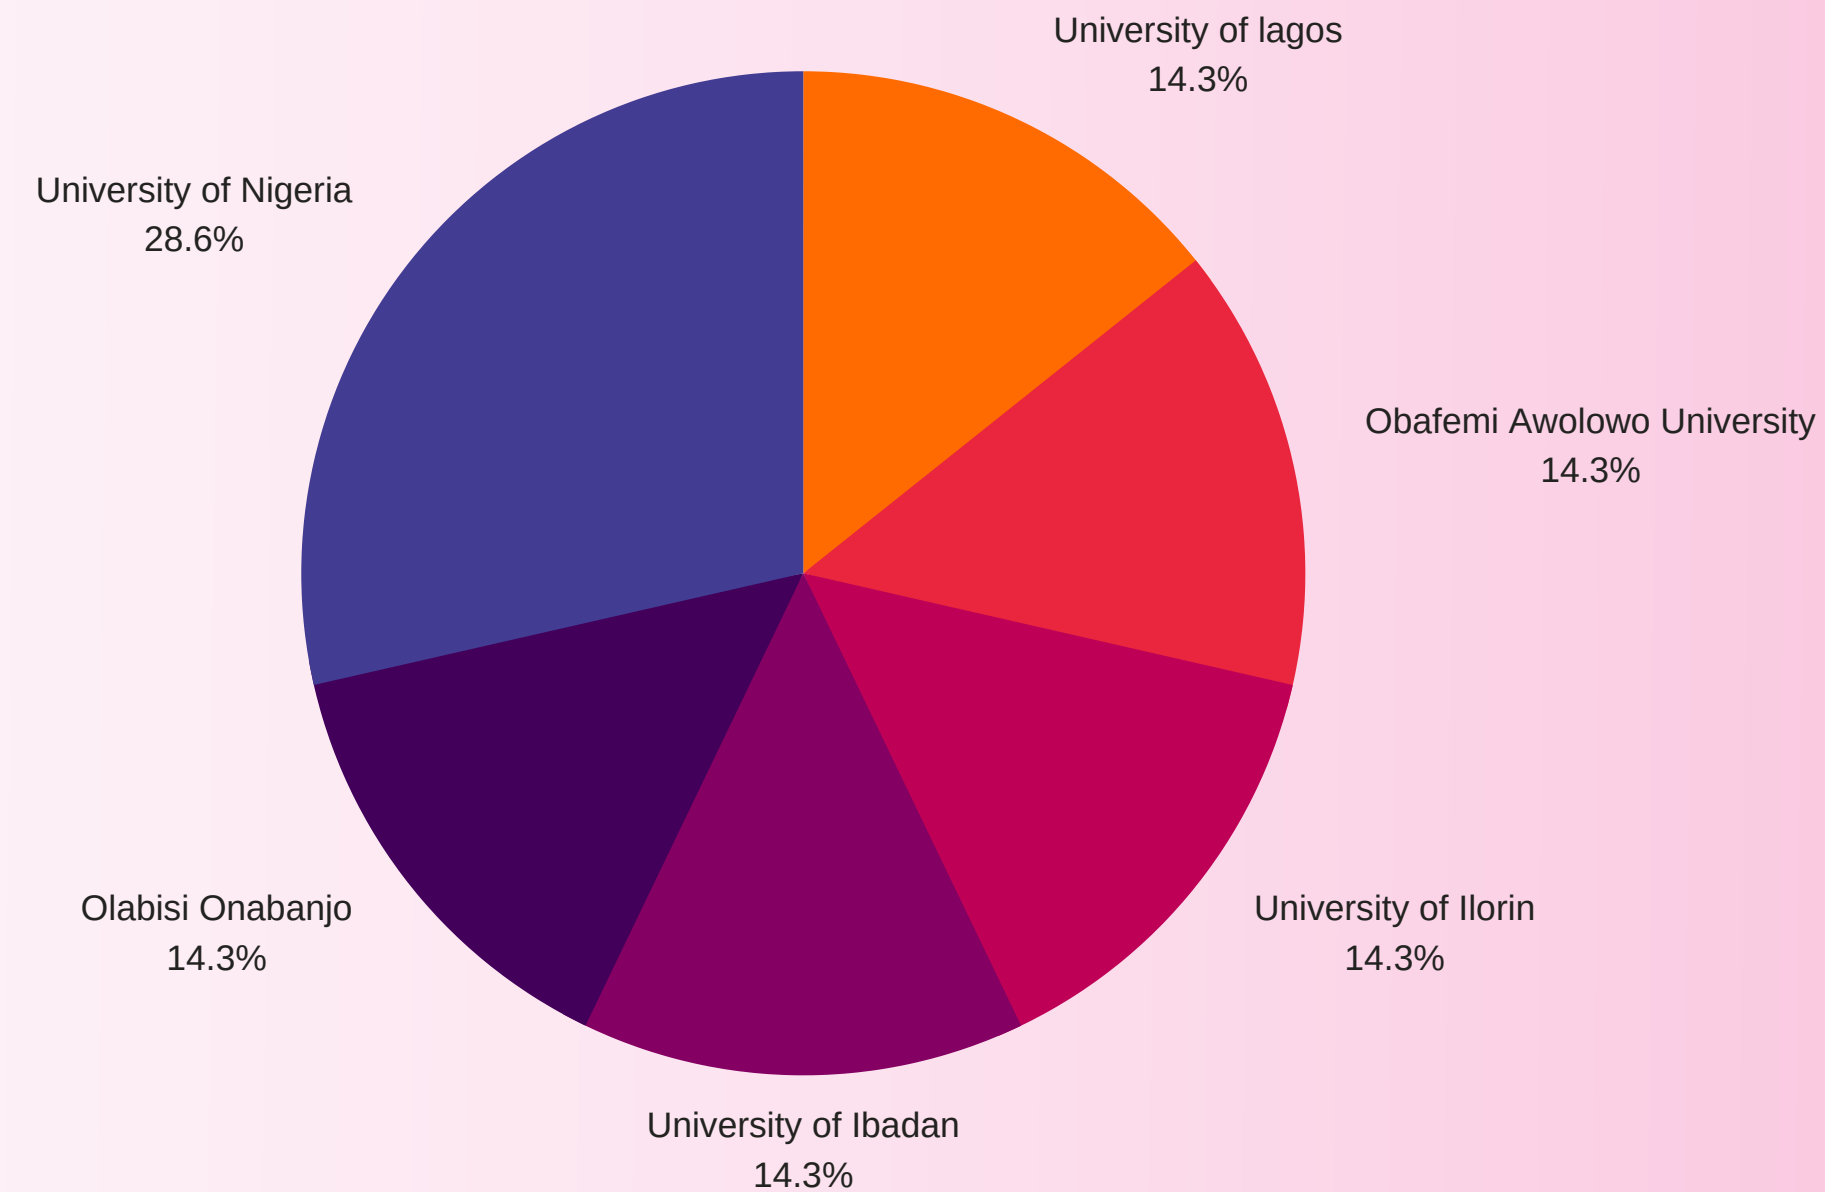

We also had participants resident in the United States, Afghanistan, Russia, Belarus, Liberia, United Kingdom e.t.c.

Top 6 universities where beneficiaries came from

We had beneficiaries from other tertiary institutions across the country in the south and northern region as well, but these were the schools where we recorded highest participation from.

Top 4 Need Areas of Beneficiaries

SELF & PURPOSE DISCOVERY

Our growth assessment pathway, enable members of the SproutWoman program to be matched with specific courses & resources that help unveil their genius to them and help them identify the mountains of influence they have been called to.

MENTORSHIP

Our mentorship track session with high profile professionals and guidance from support coaches were instrumental to delivering this to the SproutWoman.

SUPPORT

We make sure no man is left behind or feels alone in their journey and a major way we achieve that is by immersing all participants in a vibrant community of forward thinking peers, who challenge themselves to stretch and grow. This cycle had 500+ active members.

CLARITY

An important part of the SproutWoman program is assessments and supervised reviews that help participants produce blueprints for where they desire to be and guidance for execution.

Testimonials

TIJESU AWOTOYE

Student

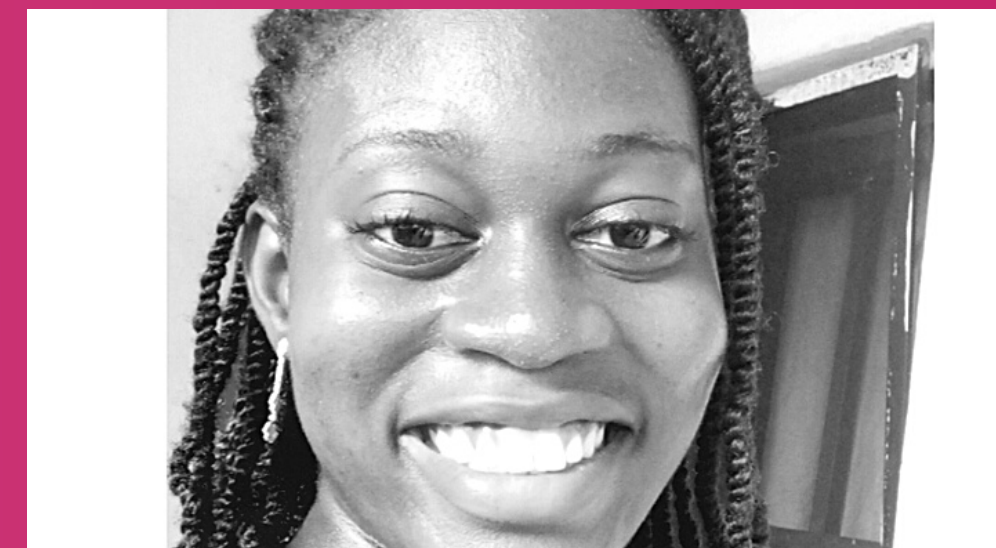

My mind has been flooded with so much light. I have been able to learn about the tools & strategies it takes to move from dreaming to executing and this has radically impacted on my approach to the community development work i do with young ladies.

AIGORO OLAMIDE

Student

Thanks to the assessment sessions, I now have clarity of purpose and I now have knowledge and access to tools that can increase my productivity and facilitate my growth.

PAUL OJIMADU

Student

I am finally able to believe in who I am, I am also now highly efficient; I am able to take up courses for my personal, professional development e.t.c. These 3 months have transformed my life.

NGN 1,000 FOR 1000 SPROUTWOMEN

How does IMMERSE choose the 1000 ladies who join the program?

Applications into the sproutwoman program are opened every 3 months and ladies fill a detailed form about things they are currently struggling with and the change they desire after which the team review all applications and pick the best fit inline with the results we deliver as an organization.

Are the ladies choosen from only Nigeria and Nigerian Universities?

No, the program is not limited to Nigerians alone or to students in Nigerian tertiary institutions, ladies are allowed to join in from across the world and in the last cycle we had ladies from Liberia, Afghanistan, Dominica republic e.t.c.

Can I give more than #1,000?

Yes you can, the payment platform is flexible and allows you to sponsor with as much as you can afford. There is no limit to how much you can give.

How can we make non-naira payment?

Once you click on the sponsor link www.immerseinnercircle.com/sponsor/ you can process non-naira payment using the Stripe option.

What is Ahead

FUTURE PLANS FOR THE ORGANIZATION

JULY - AUGUST

Enroll 1000 ladies into the SproutWoman Program for cycle 9.

JULY - DECEMBER

Launch and Implement a monthly donor program to ensure that sponsors never get overwhelmed and see that they operate a better system of giving.

NOW TILL FOREVER

To ensure that sponsors have their donations properly accounted for, and delivering the impact they were promised it would in the lives of beneficiaries.

We would be working deliberately to strengthen our relationship with all sponsors.

OUR PARTING WORDS

"Kindness is universal. Sometimes being kind allows others to see the goodness in humanity through you. Always be kinder than necessary."
