About the Growth Pathways

We've built our Coaching Methodology around five Growth Pathways which are original to us. They represent broad phases of a woman's life, and based on our experience with women, we've organized coaching and content for each pathway.

The pathways make it easy for you to determine where you are right now and use the support you need most. The five Growth Pathways are shown below:

1. CLEANSE Pathway (Emotional Healing, Resilience and Mindset Detox):

It is ideal to start YOUR coaching journey here if **you are currently seeking wisdom to navigate an emotional crisis, deep pain, loss or trauma in your life**; you need help to heal and move beyond a difficult experience, heartbreak, disappointment etc.; or you just want to recover from stress, mental exhaustion and emotional drain from the demands of life, marriage, motherhood etc.

About the Growth Pathways

2. CLARIFY (Clarity, Self-Discovery and Identity):

It is ideal to start your coaching journey here **if you want to understand your Life's Purpose; and fulfil it through your unique personality, experiences, and gifting;** or you want clarity from the confusion of not knowing who you are, what you want and what to do next; or you desire new life direction because you've recently experienced a significant change (giving birth, changing jobs, moving to a new city, recovering from a major illness etc.) that threw you off balance.

3. CREATE (Goal Setting, Visioning and Life Design):

It is ideal to start your coaching journey here **if you seek help to set clear goals, which are within your locus of control and influence, for every area of your life;** or you are at a stage of life where you need an effective system for balancing your different roles without being overwhelmed; or you know need help creating a Plan around your vision so you can do it!

About the Growth Pathways

4. CONTRIBUTE (Execution, Purpose and Growth):

It is ideal to start your coaching journey here if **you're ready to quickly move from having so much inspiration to actually creating, executing and finishing projects/ big goals;** or you want to continue to pursue the Purpose Blueprint you've received about the next phase of your assignment; or you need coaching support to mobilize and maximize resources for your work, ventures, projects and/ or business.

5. CATALYSE (Personal Success, Abundance and Multi-Influential Flows):

It is ideal to start here if **you want to multiply your wealth to work for you, so you can achieve even more results in your life;** or you want to elevate your platforms and influence so that your creative purpose can serve more people, you're ready to upscale into institutionalising your knowledge, and teaching others what you know has worked for you.

Take the Growth Pathway Assessment

You may find yourself in more than one Pathway, but there's one that looks the MOST like where you are right now

So take the GROWTH PATHWAY ASSESSMENT to find out.
